WILSON THANKS
KY. DEMOCRATS

Senate Names Committee To Hear Contest Case of Oldham vs. Wallace

Frankfort, Ky., Jan. 4.—A telegram from Woodrow Wilson thanking the democrats of the Kentucky House for their telegram of New Year's greetings sent him on resolution of the democratic caucus was read in the House today. He said it gave him deep pleasure and he extended his very warm greetings. He added, "Each of my birthdays only makes me more eager to serve our great party and thru it country and the world."

The House today passed a resolution ordering an investigation of the sending of troops to Newport where a strike is on. The measure now goes to the Senate. The House received a petition from former soldiers asking passage on Friday, if it should be deemed wise to keep the House in session that long.

CO-OPERATIVE MARKETING
BILL IN SENATE

Records Broken For Celerity With Which Growers' Measure Is Rushed

Frankfort, Ky., Jan. 4.—A record was broken in the Kentucky Senate Tuesday, first of the 1922 session of the General Assembly, when the co-operative marketing act for the benefit of the burley tobacco growers was introduced, printed, referred to the committee, reported back to the Senate, and, under suspension of rules, given its first reading in full and placed in the calendar. Today, it will have second reading, and the advanced to the orders of the day and on Thursday will be eligible for passage in the upper branch. While the House, which received a similar measure, did not act with quite so much celerity, being a much less compact body, no time was lost in that branch, and the bill was introduced, printed, and referred to the Committee on Agriculture. This committee met after the House adjourned at 5:30 o'clock in afternoon at the Frankfort hotel, and by unanimous vote decided to report the bill favorably Wednesday. Consequently, with the same relative progress as in the Senate the bill will be in shape for passage on Friday, if it should be deemed wise to keep the House in session that long.

To Senator Newton Bright, of Eminence, fell the honor of the epochal step taken in the Senate, for he had the satisfaction of introducing the measure, Tuesday afternoon, and, shortly afterward, of taking part in the discussion of the bill by the new Rules Committee of eleven democrats, to which it was referred, then of seeing it brought into the Senate and given its record advance. In the House, the bill was introduced by Representative John E. Brown, of Shelby county. Speaker Thompson referred the measure to the Committee on Agriculture, which was the only committee announced during the afternoon. The ship of this committee, unanimously favored the bill, its meeting late Tuesday afternoon, is as follows: S. Lisle, of Jessamine; D. D. Thornberry, of W. H. Patton, Trimble; Rice, Caldwell; Martin Pendleton; and Arch M. S. Franklin, democrats; and Amos, Logan; R. D. McFarland; and S. R. Powell, republicans. The burley growers' bill, which is a general act referring to all cooperative associations now in existence or to be formed in Kentucky, evidently has been drawn with great care for all legal possibilities. The title alone covers printed pages. Out of 100 to 150 pages, it is a bill to amend the act relating to the formation and financing of the preliminary organization, the act is to be referred to "for index and purposes" as the "Bingham Co-operative Marketing Act."

The bill is 21 printed pages in extent, and takes up in detail all matters coming within the purview of the co-operative pool sought to be established.

EDUCATORS WANT
10 NEW LAWS ENACTED

Legislative Committee Has Bills Making Vital Changes In Many School Affairs

Frankfort, Jan. 4.—A series of ten bills, carrying out the principal recommendations of the Kentucky Education Survey Commission regarding the schools of the state, will be presented to the General Assembly this week, it was announced here today by the Legislative Committee of the Kentucky Education Association. The measures include a bill providing a bi-partisan State Board of Education; abolishing the state textbook commission; changing rules for the certification of teachers; amendment of the compulsory attendance law; creating two white and one new colored normal; state support for summer schools; making it possible for both parties to nominate the same candidate for State Superintendent; increasing the maximum tax rate for graded schools; increasing the salary of the State Superintendent and giving county boards power to promote students from the eighth to ninth grades.

The program was outlined by the committee in the following synopsis of the measures: "1.—A bill to provide for a State Board of Education consisting of the Superintendent of Public Instruction and eight lay members, not more than four of whom shall belong to the same political party, to be appointed by the Governor by and with the consent of the Senate for a term of four years. Terms of members shall expire at different dates so that the State Board of Education will become a continuous body. Appointive members shall receive no salary, but shall receive their traveling expenses and other necessary expenses. This bill will abolish the State Board of Examiners, the Vocational Education Board, and the State Text Book Commission. All the powers now exercised by the State Board of Education, the State Board of Examiners, the Vocational Education Board, and the State Text Book Commission are conferred upon the reorganized State Board of Education. This bill makes the State Board of Education the one certifying authority in the state. It makes it the duty of the State Board of Education to prepare multiple lists of approved textbooks, upon the recommendation of the Superintendent and an advisory textbook commission from which list county text books commission shall select the textbooks to be used in the various counties. Cities of the first four classes are made independent in the matter of adopting textbooks. This bill makes it the duty of the State Board of Education annually to adopt a graduated salary schedule for superintendents, principals and teachers. The Board is given the power to appoint all state supervisors and inspectors upon the recommendation of the State Superintendent.

"2.—A bill abolishing the present Text Book Commission and providing for the adoption of text books by the State Board of Education as indicated above. "3.—A bill prescribing certificates for superintendents, principals, attendance officers and teachers, and a salary schedule based upon certificate held. "4.—A bill to provide for better attendance, making it compulsory for all children between the ages of seven and sixteen inclusive, who are mentally and physically fit, to attend each day of the entire term. This bill provides that each county employ one or more attendance officers who shall hold a proper certificate of qualification. "5.—A bill to create two new white normal schools and one new colored normal school. "6.—A bill appropriating \$50,000 to support county summer training schools and to establish a normal course in certain designated high schools. "6.—A bill making it possible for both political parties to nominate or endorse the same candidate for Superintendent of Public Instruction.

\$9,000,000 NEEDED TO
ENFORCE DRY LAWS

Washington, Jan. 4.—Despite informal requests from the administration requesting Congress to closely follow the estimates submitted by the new budget bureau, the treasury department appropriation bill today reported by the House appropriation committee, disclosed a cut of approximately nine per cent. The measure is the first of the regular supply bills completed by the committee under the new budget act system. The bill as reported carries \$118,600,000, \$12,500,000 less than the amount requested in the budget. For the enforcement of prohibition \$9,000,000 is recommended. All salary increase requests are eliminated and the public building estimates are reduced \$2,800,000.

MRS. G. B. TURLEY, SR.
IS CALLED HOME

Beloved Woman Peacefully Sinks To Sleep At Dawn of Day—Funeral Thursday

Just at daybreak Wednesday morning, the spirit of Mrs. Nannie J. Turley returned to the God who gave it. Mrs. Turley sank into the sleep that knows no waking, as a little child gently drifts into slumberland. About her bedside were her children and loved ones, ministering with tender hands and loving hearts in this last sad hour. She had been in failing health for months, and the paralytic stroke sustained Tuesday presaged the end, which came quickly.

Thus a long and useful life, devoted to the good of others and to serving her Master came to a peaceful end. Mrs. Turley would have been 80 years of age on March 11th, next. She was the widow of the late Green B. Turley, who passed over a number of years ago. Before her marriage she was Miss Nannie J. Adams, daughter of Wesley and Elizabeth Adams. She was born in Garrard county, but had lived in Madison since her marriage. She is survived by seven children, R. E. Turley, G. B. Turley, Jr., Mrs. S. T. Deatherage, Mrs. C. F. Higgins, John W. Turley, Mrs. R. Bruce, of Stanford, and W. B. (brother) Turley, all of whom have the unbounded sympathy of a host of friends and loved ones in the sad hour. Mrs. Turley also leaves one sister, Mrs. Mary Hockaday, and a brother, J. C. Adams, both of Madison county. Mrs. Turley was a devoted member of the First Christian church. She lived her religion, and loved her Lord and was always ready for the summons to come up higher.

Funeral services will be conducted by her pastor, Rev. Homer W. Carpenter, at the First Christian church, Thursday afternoon at 2 o'clock, followed by interment in the Richmond cemetery.

KILLING REPORTED IN
JACKSON COUNTY

A dispatch from London says that William Gay, merchant, living between McKee and Clover Bottom, in Jackson county, shot and instantly killed Wm. Felty, a farmer, in a fight Monday, at the former's store. It is said that Felty attacked Gay with a knife following a dispute, and that the latter shot in self-defense. He was arrested and brought to McKee.

Wilson Foundation Drive
Starts In State Jan. 16

Kentucky is ready to begin on January 16, its campaign to honor Woodrow Wilson and to raise its share of a fund to perpetuate his ideals through the Woodrow Wilson Foundation. Practically every section of the state has been organized with committees of men and women, and beginning on the third Monday in January "the opportunity will be given for this state to express tangibly its faith in the liberal ideals and in the world democracy for which Woodrow Wilson has been the chief spokesman."

JUDGE CHENAULT IN OL' MISSISSIPPI

The Daily Register has received an interesting letter from Judge John C. Chenault, who is in Mississippi, visiting his son, John Cabell Chenault and wife. It will be read with interest by his many friends at home here:

Abbott, Miss., Dec. 26, '21.
Editor Daily Register,
Richmond, Ky.

I left Richmond on the 15th and arrived here the next day. Your valuable paper is a daily visitor, so we are well up on the happenings at home. I have failed to note in the personal columns that my absence has been observed. What a change can in a short time take place in one's life.

When I was proprietor of your paper, then called the Climax, my every movement was noted, but now I may be away for a month and if missed by anyone I am not aware of it. Such is life, as we move on.

Hard times was the daily talk when I was in Richmond. I hear a great deal of it here, but not so much as heard there. Most of the planters here had a good corn yield and all have fat hogs. So hog and hominy is assured for another year.

To my way of thinking, it is ideal living here. We have big, little, old and young, about fifty negroes on our farm. They live in quarters as they did in antebellum days. I imagine they regard the land owner to some extent as they did their owners. To me they appear as dependent as they must have been on their masters. Their child-like trust and confidence is really surprising. When things go well they are happy. In fact, they are happy and cheerful most of the time. The failure of the present national administration to maintain living prices for farm products, and good times, does not concern them.

My son, John, and his wife, have been here long enough to learn their disposition. They know now that every negro on the plantation is expecting to be personally remembered on Christmas morning. It was certainly amusing and interesting to see them coming from their quarters to the big house, as they designate our residence, yesterday morning. I could hear "Christmas gift, Mars' John and Mrs. Bess," on every side. They had remembered all and all went off smiling and displaying some small gift. They stand ready to serve you in a menial way at every beckon and call and a smile of approval is the only expected reward. It is certainly ideal and agreeable to have some one ever ready to wait on you.

I simply started out to say don't let my paper stop if my time is up January 1st, and I will pay a year in advance as soon as soon as I come home.

Yours truly,
JOHN C. CHENAULT

MILLIONS SUFFER FROM WRONG FOOD

Malnutrition Endangers Health and Strength of Children

5,000,000 Little Victims

No news in years has caused such wide spread comment in Richmond as that lately sent out by government health experts in Washington, saying at least 5,000,000 American children are weak or ailing because they do not get the right kind of food.

As the authorities explained when making this announcement, it is not so much a matter of under-feeding, or over-feeding as of wrong feeding. For this curse of malnutrition has been found to exist in all classes of homes.

In other words, a large part of the sickness and physical weakness which cost so heavily in time care, anxiety, and money, and leads frequently to untimely death, is due to a lack of vitamins which are necessary in our daily diet.

To provide these vitamins and certain mineral salts in such form as to be easily assimilated is one of the first aims of modern science. Dr. Philip B. Hawk, of Jefferson Medical College, Philadelphia, was employed to conduct a notable series of practical tests with a new tonic-food known as SUSTO, which combines the vitamins of Rice, Yeast, Milk, Eggs, with Beef Protein, Nuclein, and Iron, in a concentrated form.

The people of Richmond will be interested to know that these tests were carried out on grown folk and children, some of them in normal health, others suffering from malnutrition or anaemic conditions, and still others recuperating from wasting diseases, with wonderful results. After several weeks of such experiments this nutritional expert and his associates became convinced they were dealing with a really remarkable food discovery—an adjunct to the ordinary daily diet which promotes health and strength.

For delicate, under-weight children, a glass of milk containing two SUSTO tablets three times a day is a food that will change a thin, puny child into a strong robust one very quickly.

Children fed in this way appear to jump into health and strength—seems like a strong statement, but it is a marvelously scientific fact proven at Jefferson Medical College. Here, therefore, is the first opportunity offered to the people of Richmond who need strength and vitality, are under weight, run-down, anaemic, who have under-nourished children or feeble old people, to call at Perry's Drug Store and get a guaranteed strength and body-builder that has been approved by the nutritional expert of one of our greatest Medical Colleges. Whisky Made Him Forget He Was Married, He Says

Louisville, Ky., Jan. 4—Frank E. Moore, 48, Louisville, was sentenced in Jeffersonville to serve six months in the prison on a bigamy charge. He was married to Carrie L. Fink in Louisville, January 16, 1918, and, without obtaining a divorce, became the husband of Mrs. Victoria Maley in Jeffersonville, April 8, 1921. His only plea was that he was drunk at the time of the second marriage.

Seek Friends in Hour of Need

"In the hour of need we seek our best friends," writes C. S. A. de Wet, 957 73rd avenue, Oakland, Cal., "our little boy and girl had severe, rasping coughs without phlegm that choked and flushed their faces. Foley's Kidney and Tar was a great help."

The closing of the year 1921 carries into history a period in which business has been harassed and disturbed by economic and social problems which are slowly but surely yielding to the good judgment, courage and initiative of the American people. While conditions are still far from normal it is gratifying, in extending greetings to the New Year, to bear testimony to the fact that a clearer understanding between the nations of the world is in evidence, and a more active spirit has been brought about between finance and industry with a brighter and more wholesome business atmosphere prevailing.

Pledging ourselves to a continuation of our devotion to the sound and responsive banking service to a county renally sound through its widely diversified farming and business, and to our customers who have contributed to our make expression of our sincere appreciation of the confidence and good will extended to us, and cordially expressing our wish for prosperity in the days to come.

The New Store

A very Happy and Prosperous New Year to all.

By the way, it is an opportune time to thank the people of Richmond and Madison county and elsewhere for their generous support. We have had a wonderfully busy time of it, really beyond our expectation, since our opening in October and we want to show our appreciation by thanking every one who helped to keep us so busy. We expect a much busier time this coming year than our opening month presaged because of our unswerving policy of giving

VALUE

We are going to the job, always ready to serve.

We are remodeling our second story and when all is finished as planned in the beginning, we expect to have as beautiful and modernly equipped store as any in Central Kentucky. Before going East for our Spring stock we have decided to mark every Suit, Coat, Dress, Blouse, Sweater, Underwear, Blankets and Comforts, at the lowest possible figure and those needing such merchandise will find rare bargains until our stock is reduced.

CAR INSPECTOR OUT WITH ALL THE FACTS

Well Known B. & O. R. R. Man Decides To Make Statement of His Case

H. V. Kiser, 1823 Maple avenue Huntington, W. Va., car inspector for the B. & O. Railroad, has a host of friends who will rejoice to learn of the wonderful improvement in his condition. Mr. Kiser is widely known in fraternal circles, being a member of the I. O. O. F., K. of P., and the W. O. W. In relating his experience, he said:

"I hesitated a long while about making this statement but finally decided to do so, believing that there are many who suffer as I did who need Tanlac and will be induced to take it as a result of reading my experience. All my friends know that for some time I had been in a run-down and weakened condition, but nobody knows how I suffered from indigestion, nervousness and sleeplessness for the past two years."

"Tanlac brought me wonderful relief and I am feeling like a new man now. I'm able to eat, sleep and work better than in years. It certainly is a medicine of unusual merit."

Tanlac is sold in Richmond by Stockton and Son, and leading druggists.

The "Mother of Medicine"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants.

Hippocrates the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times.

Lydia E. Pinkham, nearly 50 years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants. It

THE TIME TO TAKE PEPTO-MANGAN

When You Feel a "Little Off" It Will Bring You Back To Health

Some people never need any medicine at all. They are, as the saying goes, "strong as a bull." They are mighty lucky. Most people need a good tonic once in a while. They take cold, or thru overwork, or social activity do not get enough sleep; many eat improper food and thus hurt the digestion. It is mighty wise to take Gude's Pepto-Mangan with the meals for a few weeks and build up. One cannot have too much good health. Pepto-Mangan gives you plenty of red blood, and everybody knows that red blood means feeling good and looking good all the time. Sold by druggists in liquid and tablet form.—Advertisement.

POOL FINANCED BY BINGHAM'S PAPERS

Lexington, Ky., Jan. 4.—In a statement issued Tuesday, James C. Stone, president and general manager of the Burley Tobacco Growers' Co-operative Marketing Association, said: "It is not generally understood that Judge Robert W. Bingham entirely financed through his newspapers, The Courier-Journal and The Louisville Times, the preliminary organization of the association. These newspapers out of their current funds paid to the organization committee all the money required to sign up the crop and include more than 50,000 growers in the society."
 "One of the greatest factors in addition to the money furnished by these newspapers was the hearty, active and continued support given to the movement in the news and editorial columns."
 "This help came to the farmers of Kentucky at a critical time and a great service has been rendered by Judge Bingham and his newspapers to the whole state."

LEAF MARKETING IN HARDING PLAN

Washington, Jan. 4.—Co-operative marketing of farm products will constitute a definite part of the program for the National Agricultural Conference to be called by Secretary of Agriculture Henry C. Wallace, and probably to be held in Washington, January 23, it was made known today.
 This phase of the conference program was discussed with Mr. Wallace on Tuesday by Clifton Rodes of Burgin, Ky., who has been associated with the burley co-operative movement in Kentucky, and who is now engaged in similar work in West Virginia.
 Mr. Rodes also called on President Warren G. Harding, whose attention he called to the interest taken by farmers in Mr. Harding's recent message to Congress. In that message Mr. Harding said, regarding the agricultural situation, that "in the main, the remedy is believed to lie in distribution and marketing, every proper encouragement should be given to the co-operative marketing programs."
 As a whole, the conference seek to ascertain present conditions of depression and then present policies by which prosperity will be restored.
